A. HashRF Incongruence Matrix (68-Taxa Original Dataset)
Values: One-Sided RF Splits [Normalized % Discordance]

B. HashRF Incongruence Matrix (78-Taxa Updated Dataset)
Values: One-Sided RF Splits [Normalized % Discordance]

C. 2D Tree Space Projection (MDS of HashRF Distance Matrix)
Demonstrates Non-Recombinant Discordance & Artificial NRR1 Compromise

D. Branch-Length Weighted Robinson-Foulds Matrix (HashRF -w)
Topological Discordance Scaled by Evolutionary Branch Lengths
